

To Homeowners:

The Homeowners Board met at the clubhouse on May 7, 2011. We discussed a new bear resistant garbage can which is on sale at the True Value hardware store near Raleys. It sells for \$189 less 10% if you show you are Tahoe Tyrol owner. We will be buying one for the pool area and see how it holds up.

We are on budget and the reserve fund is at a healthy level. The parking lot at the pool area will be resurfaced this month. The Holmgren tree service will be directed to the Timber Lane street to start the fire safety program, involving tree trimming and cutting. this work will be largely done in the fall.

There will be a reinstatement of the beautification award at this year's annual homeowners meeting. This will be awarded to the home that has the best improvement either in yard or exterior for 2011, up to September.

Michael Shea, President
